Grande Provence Sauvignon Blanc

WINE OF ORIGIN

Coastal Region/Durbanville

VINTAGE

2016

ANALYSIS

Alc 13.82%

Ph 3.53

RS 1.6 g/l

TA 5.9 g/l

VINIFICATION

Grapes originate from specially selected vineyards in the Durbanville area. Cold air from the Atlantic Ocean flows through the hills of the region to cool down the vines during warmer summer days. Special attention is given to make sure that grapes are exposed to enough sunlight during the ripening period and this results in full juicy berries with character and flavour.

STYLE

This medium bodied, wine shows an abundance of fruit on the nose combined with greener aromas typical for cool climate Sauvignon Blanc wines. Flavours of ripe fig and fruit are prominent on the palate and are well balanced by a zesty acidity. The wine finishes with a lingering aftertaste.

SERVING SUGGESTION

Enjoy with vegetarian dishes, salads or lightly seasoned seafood or chicken dishes. This is a lovely food wine, but can also be enjoyed on its own.
