GREAT EXPECTATIONS

Shiraz Rosé Sparkling Demi-Sec

VINEYARD: A 14 year old Shiraz vineyard on a slight southern slope. The weathered shale soil is ideally suited to the cultivar.

CLIMATE: A dry harvesting season ensured healthy grapes.

HARVEST: Night harvested to ensure that grapes enter the cellar as cool as possible. Production of 8000L/HA.

WINEMAKING: Skin contact of about 4 hours was given to extract the correct amount of colour. After settling, the clear juice was fermented in stainless steel tanks at about 14 degrees Celsius using Vin 13 yeast. After ferment the wine was stabilized, filtered, carbonated and bottled.
